

**COUNTY PARKS AND RECREATION COMMISSION  
AGENDA ITEM TRANSMITTAL**

<b>TO</b>	San Luis Obispo County Parks and Recreation Commission		
<b>FROM</b>	Jan Di Leo, Sr. Parks Planner		
<b>SUBJECT</b>	Outstanding Trails Offers		
<b>DATE</b>	March 25, 2010	<b>AGENDA ITEM NUMBER</b>	11

**Summary:Review** Outstanding Trail Offers for Santa Margarita, Atascadero, Templeton, Paso Robles and San Miguel. Consider recommendations from Trails advisor Committee and provide recommendations to Board of Supervisors for acceptance of Offers.

**Recommendations:**

Please refer to **SHEET 2**.

- 1) That 17 trails from the Salinas Planning Area be accepted into the County's Trail Inventory (including Carpenter #10) and Wilhite (#11) segments. This does NOT open these trails to the public.
- 2) That trail segments #18-21 (McGurty) be taken off this list since SLOPOST has already accepted these trails and they are not located along a County PRE designated trail corridor.

**Discussion:**

Please note, as a result of Trails Advisory Committee (TAC) input there may be some changes to the list of trails provided for the PRC's 03/25/10 meeting. TAC had suggested we look at the Templeton offers and see if there are some offers that are "ready" along Las Tablas. In the interim, the recommendation for this item is consistent with the TAC's input on March 9, 2010. Di Leo and Cooper will provide a presentation to the PRC at their 03/25/10 meeting thereby explaining what this information means.

**Attachments:**

List of Outstanding Trails Offers

**Other Agency Involvement:**

TAC review 3/09/2010 and review with Ride Nipomo 3/16/2010

**Financial Considerations:**

Minor increase to operating or capital costs with acceptance or decline of Offers. Costs could be incurred if/when trails are opened to public use. This would require additional Board action.
